

Digital Content Manager

Who is Vibe Israel?

Vibe Israel is inspiring young people (Millennials and Gen Z) about Israel and sharing Israel's story with them through social media, events, on and offline campaigns, and much more. We also work with the Israeli private sector and the Jewish Diaspora to train them how to tell Israel's story in the most effective way. By harnessing the power of social media and digital place-marketing strategies we have generated over a BILLION conversations about Israel online through their interest in green energy, veganism, motherhood, fashion, food and much, much more.

Job summary

We are looking for a creative and energetic Digital Content Manager who will manage and maintain all of Vibe Israel's digital assets, projects and social media platforms. They will work out of the Tel Aviv office with the rest of the Vibe Israel team. Candidates for this role must be strategic, creative, flexible, detail oriented, and self-motivated. Candidates should love websites, design, digital marketing and social media.

Job requirements

- The candidate will manage and be involved in all digital aspects of Vibe Israel
- The candidate will work on the backend of the Vibe Israel [website](#), updating and adding content as needed
- The candidate will form monthly and yearlong strategies for all of Vibe Israel's social media platforms ([Facebook](#), [instagram](#), [YouTube](#) and [Twitter](#))
- The candidate will work on the backend of Search Israel, Vibe Israel's NEW search engine, will update items and content on a weekly basis or as needed, and will work on marketing Search Israel, including updating the [@searchisrael instagram](#) weekly
- The candidate will develop and help write copy for each social media platform in a voice unique to the platform but in line with Vibe Israel's voice
